

YOUR GUIDE TO OUR AWARD-WINNING SELECTION OF ENTERTAINMENT

MOVIES ON EMIRATES

Celebrating 1,000 movies

Emirates now offers you over 1,000 movies. Discover the amazing line up in this guide and explore movies in over 40 languages from all over the world. There's also more than 2,000 episodes of TV and thousands of music channels. You can find our largest movie selection ever, if you're flying on aircraft equipped with the latest generation of inflight entertainment system, now available on over 80 Emirates aircraft.

Thank you for voting Emirates the World's Best Inflight Entertainment for the 14th consecutive year!

Every effort is made to ensure availability and serviceability of the ice inflight entertainment system, but Emirates cannot accept liability for the consequence of the system being unavailable or inoperable. Emirates makes regular changes to the audio, visual and written content available on ice and reserves the right to withdraw content at any time, including but not limited to movies, TV programmes, individual episodes of a TV series and audio tracks. For operational reasons it is not always possible to guarantee the published monthly content schedule will coincide with the date of travel. Please inform the cabin crew of any problems you experience. In some cases the problem may be fixed by resetting the seat software and the crew can try this for you. Emirates takes care to ensure that all facts and details published herein are correct. In the event of any inaccuracy, please contact ice@emirates.com. Any opinion expressed is the honest belief of the author based on all available facts. Comments and facts should not be relied upon by the reader in taking commercial, legal, financial or other decisions. Articles are of their nature general, and specialist advice should always be consulted before any action is taken.

For copyright reasons the filming of any video content displayed on ice is prohibited.

*In-seat phone - When using the in-seat phone** a US\$5 fee may show on your credit card, even if you sent a US\$1 SMS. Don't worry, this is a deposit that will be refunded. You'll only pay for actual calls or messages.

**We are currently investigating possible issues with mobile phones containing the Snapdragon 820 processor, including the Samsung S7 or LG G5. If you are using one of these phones you may not be able to make phone calls or send SMS. Our experts are working to resolve this issue as soon as possible.

Get the best sound quality

We provide headphones that are specially set to complement the audio output from our inflight entertainment system, which is different from mobile devices. Your personal headphones may make announcements by cabin crew or pilots much louder than other sounds. To get the best sound quality we always recommend using our headphones.

Hearing aids

Emirates headphones are compatible with hearing aids, when switched over to the 'T' position.

*Dates may vary

UAE SMART GATE

Travelling to Dubai? If you are a citizen of any of the below countries, or a UAE resident, you can use the **Smart Gate**, just follow the signs in the arrival hall.

For more information head to dubaiairports.ae/smartgates

EMIRATES SKYWARDS

Go on screen to find out about our award-winning loyalty programme **Emirates Skywards**, its membership tiers, and how to earn and spend miles.

AIRPORT LOUNGES

Tap on screen to find out more about the **Emirates Lounges** in Dubai and over 30 destinations worldwide. All customers can access these lounges and complimentary or paid access is available based on your class of travel or Emirates Skywards membership tier. Visit emirates.com for more details.

COMFORT IN THE AIR

Stay hydrated

Drink plenty of water or juices and consume tea and coffee in moderation.

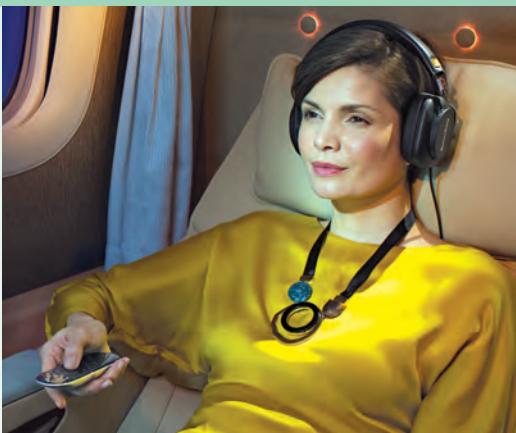

Keep moving

Exercising your lower legs and calf muscles will encourage blood flow.

Stay safe

Sharps boxes are available on board all Emirates flights for safe disposal of medical equipment. Ask a member of your cabin crew for more information.

Tune into **Comfort in the Air** (ch 7900), for a collection of helpful travel tips to ensure that you arrive at your destination feeling relaxed and refreshed.

You can also choose from a selection of stress-busting **Health and Relaxation** audio on channels 7900 - 7909

BROWSE DUTY FREE ON YOUR SCREEN

View our exciting range of Duty Free products, including new onboard items and special offers.

Discover an array of covetable **accessories**, from classic watches to high-tech gadgets and everything in between.

Buy any two perfumes from our wide selection on board, and enjoy a saving of US \$15.

Choose from an incredible collection of **fragrances**, and **beauty** products from brands such as Creed, Roja Parfums, Aromatherapy Associates and Wow by Wojooh.

USEFUL INFORMATION

Heading to the US?

Passengers arriving into the USA may need to complete a Customs Declaration Form, which must be completed in English, in capital letters, and signed where indicated. For more information about US Customs & Immigration, a video will be shown prior to landing in the US.

Visiting Australia?

Australia has strict biosecurity laws. Please take care when completing your Incoming Passenger Card, as it is a legal document and false declarations may result in a penalty.

On your way to Japan?

Japan has strict rules around exposure to livestock and bringing in livestock items.

For more information on customs, immigration and quarantine, be sure to listen to onboard announcements and look out for the informational videos shown prior to landing.

STAY CONNECTED

Send messages, update your status or tweet from your seat with OnAir Wi-Fi.

Great value Wi-Fi

It's very expensive to connect an aircraft via satellite, but we try to keep our Wi-Fi data costs as low as possible, and even provide 20 MB for free. The charges contribute to the huge investment we make to get Wi-Fi in the air, and we continue to work with the industry to improve the service and reduce costs.

There's also free Wi-Fi at Dubai International Airport.

Make the most of your megabytes

Due to current technology, the bandwidth for the aircraft is very limited. It works best on smartphones, and over 90% of users connect using their phones.

Here are some useful tips to help your data last longer:

- Use apps rather than browsers (many websites eat up a lot of data).
- Most phones take very big photos – shrink them before sending.
- Video streaming uses a lot of data and may not work due to internet speeds. Services such as YouTube and Netflix are usually blocked.
- We try to help you save data by blocking background software updates and cloud photo synchronisation. This isn't guaranteed, so it's best to turn it off on your device.

from 1 to 3 Mbps depending on satellite coverage.

Bandwidth is shared between all users and you can see how many are connected at any time on the Wi-Fi login page.

Troubleshooting

You might encounter issues for a few reasons:

- Altitude: we only connect at cruising altitude, usually around 20 minutes after take-off.
- Region: satellite coverage doesn't reach the North Pole, and some countries don't allow Wi-Fi or mobile phone use in their airspace. You can check the detailed maps overleaf.
- Device: if you can't connect to the network, go to your Wi-Fi settings, 'forget' the network and connect again.
- Browser: if that still doesn't work, try typing 1.1.1.1 into your browser and pressing enter.
- VPNs: VPNs can be a challenge to connect.

Need help?

Connecting is easy and cabin crew may be able to help, but they cannot control the availability or quality of communication services.

To report a problem contact cs@onair.aero.

More information is available on the receipt emailed by OnAir.

Over
1 MILLION
users each month

FREE 20 MB ONAIR WI-FI DATA

Whether you're checking social media or messaging friends, this is just the right amount of data to keep you connected. What's more, it's free for the first two hours.

If you need more data, check the price plans available on the OnAir Wi-Fi log-in page. Data packages and price plans quoted are subject to change and may vary by flight.

Online security

Only log on to the network called OnAir to ensure end-to-end encryption of your data.

Please note that for technological reasons, we are unable to provide Wi-Fi and mobile phone services on every flight or guarantee them as fault free. Emirates responsibility is limited accordingly.

Mobile phone and data roaming

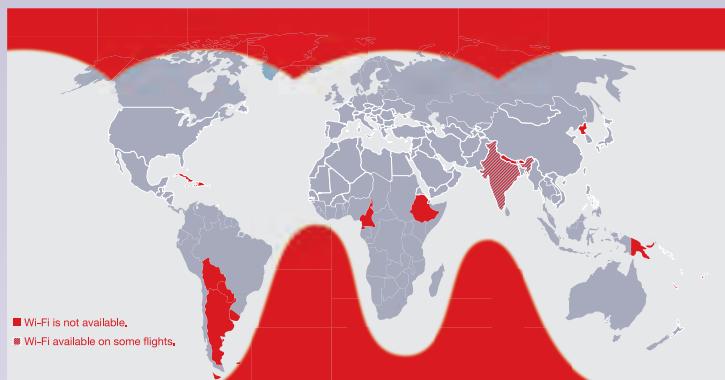

Mobile phone and data roaming charges from OnAir or AeroMobile will appear on your regular phone bill just like international roaming. Using your phone overseas to roam like this can be expensive depending on your service provider. You may wish to turn off roaming and make use of the free 20 MB Wi-Fi data or the great Wi-Fi offers available to Skywards members.

WI-FI & MOBILE PHONE MAPS

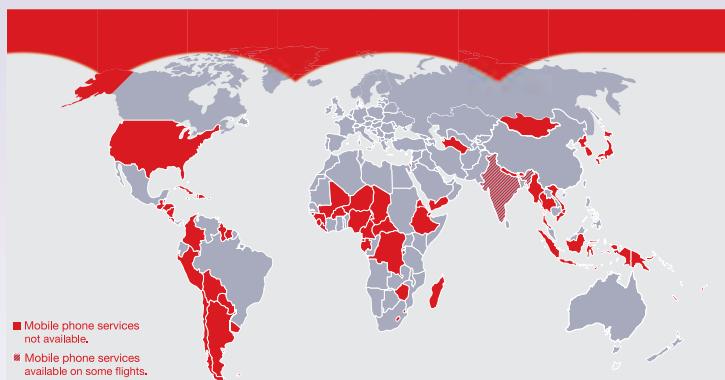

Satellite coverage & regulations

The satellites we use do not cover certain parts of the world – the extreme north and south of the globe. Many countries' regulations don't allow Wi-Fi or mobile phone use in their airspace. Check the maps below for more information.

WI-FI COVERAGE

MOBILE PHONE AND DATA ROAMING COVERAGE

Our internet service provider, SITA OnAir, handles all data in compliance with standards set by the EU General Data Protection Regulation (GDPR) to protect you and your information online. Head to the terms and conditions section of the OnAir onboard Wi-Fi portal to read the SITA OnAir Data Protection and Privacy Policy.

CONNECT WITH EMIRATES SKYWARDS

Log in using your Emirates Skywards membership number to enjoy exclusive Wi-Fi options. To access the service, you must have added your membership number to your booking before check-in* or join today for your next flight.

FIRST CLASS AND BUSINESS CLASS

Wi-Fi is free for all Emirates Skywards members.

ECONOMY CLASS

Wi-Fi is free for all Emirates Skywards Gold and Platinum members. Silver and Blue members can enjoy discounted price plans**.

*Once you sign in as a guest, you can't sign in as an Emirates Skywards member.

**Prices are subject to change, or can vary by flight.

Disclaimer: Please note that the Wi-Fi services are unavailable on two of our B777-300 aircraft.

Emirates se esfuerza al máximo para adquirir películas dobladas en los idiomas hablados por nuestros clientes. Nuestra capacidad para ofrecer esto depende de lo que esté disponible en el mercado. Esta es la razón por la que los doblajes en español de América Latina suelen tener una mayor disponibilidad en las películas nuevas de Hollywood que los doblajes en español de España. Seguimos trabajando con nuestros socios para aumentar la cantidad de contenidos disponibles en distintos idiomas.
